

People with ALS, their families, and health care professionals

Eric B. receives help with assisted breathing from his BAYADA Nurse Abi Omalaja.

Attend Our Free Webinar

The Benefits of Professional Home Health Care

Summary:

Join us for this educational webinar to learn about specialized home health care services that enable nurses, therapists, and home health aides to keep people with ALS and their families safe at home.

This content will empower you with the knowledge you need to ensure that you are prepared to choose the care team best equipped to safely manage the disease as it progresses and you have resources you need to navigate the rapidly changing payer landscape.

Duration:

30 minutes

Topics include:

- What is home care?
- How to pay for home care
- When to start home care
- Benefits of home care
- How to find a provider that's right for you
