

BAYADA Nurses John Bowen, RN, and Stephanie Schwenk, LPN, enjoy the variety of scheduling and care assignment options that the one-on-one care environment offers.

Employment teams for nurses

Together, we make it possible for children, adults, and seniors to live safely at home with comfort, independence, and dignity. That's why BAYADA Home Health Care professionals receive extensive paid training, 24-hour clinical support, competitive pay and benefits, unique career pathways, and scholarship opportunities.

As a member of the BAYADA field team, you'll have the chance to give the kind of one-on-one care that only a home environment can offer and the flexibility to choose the opportunity that's right for you:

Full-time team

Ensure that client needs are met for a minimum of 36 hours per week, 2 holidays per year, and 2 weekend days per month, and receive a premium benefits package, priority scheduling, and paid time off earned at double the rate of other nurses.

"I feel lucky to be with BAYADA. I can work one-on-one with my clients but still have a great team behind me and benefits comparable to a hospital."

—**Ellice Davidson**, LPN, joined in 2003

Part-time team

Care for your clients on a schedule that fits your lifestyle. Dedicate as many hours as you prefer and receive benefits with a minimum of 25 hours per week.

"I like having a flexible schedule. It's nice to be at home when my son gets out of school and still have benefits that most places would only offer to full-time nurses."

—**Lisa Altieri**, RN, joined in 2003

STAT team

Receive premium pay to ensure your clients have complete coverage during short-notice openings—similar to a hospital PRN pool.

"I see how much it means to a client to have me there on such short notice. I like knowing that I'm making a difference."

—**Amy Cason**, RN, joined in 2005

Join the more than 14,000 home health care professionals who have found a career in caring with BAYADA.

BAYADA Home Health Care specialty practices include Home Health Care, Pediatrics, and Hospice. BAYADA provides nursing, rehabilitative, therapeutic, hospice, and assistive care services to children, adults, and seniors in the comfort of their homes.
