

BAYADA PPE Standard At-A-Glance | As of 10/3/22

BAYADA clinicians should follow the guidance listed below:

A1	All clients who are not suspected of having COVID-19 (no symptoms or exposure history) AND <u>Community transmission</u> rate is “Low,” “Moderate,” or “Substantial”	No COVID-related PPE required. Use standard precautions.				
A2	All clients who are not suspected of having COVID-19 (no symptoms or exposure history) AND <u>Community transmission</u> rate is “High”	Surgical mask* Eye protection (goggles/face shield)**				
B	Client with KNOWN exposure to COVID-19 source and has NO symptoms	Surgical mask* Eye protection (goggles/face shield)** Contact protection (gown/gloves)				
C	Client with symptoms or is COVID-19-positive or is awaiting test results with symptoms OR Household member (present in home) with symptoms or is COVID-19-positive or is awaiting test results with symptoms OR When employee is present during aerosol-generating procedure	N95 mask Eye protection (goggles/face shield)** Contact protection (gown/gloves)				

When to discontinue Level B PPE:

- Discontinue PPE 10 days from the client's last date of exposure.

When to discontinue Level C PPE:

- COVID-positive clients with symptoms:** Discontinue 10 days after symptom onset, *and* resolution of fever for at least 24 hours (without use of fever-reducing medications), *and* improvement of other symptoms. (Some clients with severe illness may remain contagious up to 20 days after symptom onset; consider consultation with infection control experts.)
- Asymptomatic clients who have tested positive:** Discontinue 10 days after the date of their first positive test.

Collaborate with your office if you think additional protection is needed.

+ The Behavioral Health Practice is not required to wear eye protection. | *McKesson Intco #FM301

**Unless otherwise indicated, eye protection is reusable after cleaning and disinfecting; all other PPE is disposable.

Note: Based on supply/demand and evolving evidence about the COVID-19 virus, this chart may be modified. **Check for updates to this guidance on the [bayada.com/covid19.asp](https://www.bayada.com/covid19.asp) website.**
